We the Corporations: How American Businesses Won Their Civil Rights Adam Winkler 2018-02-27 A landmark exposé and “deeply engaging legal history” of one of the most successful, yet least known, civil rights movements in American history (Washington Post). In a revelatory work praised as “excellent and timely” (New York Times Book Review, front page), Adam Winkler, author of *Gunfight*, once again makes sense of our fraught constitutional history in this incisive portrait of how American businesses seized political power, won “equal rights,” and transformed the Constitution to serve big business. Uncovering the deep roots of *Citizens United*, he repositions that controversial 2010 Supreme Court decision as the capstone of a centuries-old battle for corporate personhood. “Tackling a topic that ought to be at the heart of political debate” (Economist), Winkler surveys more than four hundred years of diverse cases—and the contributions of such legendary legal figures as Daniel Webster, Roger Taney, Lewis Powell, and even Thurgood Marshall—to reveal that “the history of corporate rights is replete with ironies” (Wall Street Journal). *We the Corporations* is an uncompromising work of history to be read for years to come.

The Future of Productivity OECD 2015-12-11 This book addresses the rising productivity gap between the global frontier and other firms, and identifies a number of structural impediments constraining business start-ups, knowledge diffusion and resource allocation (such as barriers to up-scaling and relatively high rates of skill mismatch).

Index to Legal Periodicals & Books 2004

Human Rights and the End of Empire A. W. Brian Simpson 2004 The European Convention on Human Rights of 1950 established the most effective international system of human rights protection ever created. This is the first book that gives a comprehensive account of how it came into existence, of the part played in its genesis by the British government, and of its significance for Britain in the period between 1953 and 1966.

The Legal Environment of Business Nancy K. Kubasek 2009 This is the only textbook that helps students develop a thorough understanding of the legal environment of business and enhances their ability to engage in critical thinking and ethical analysis. The legal environment of business is thoroughly treated in an extremely reader-friendly manner; various topics include: the American legal system, dispute resolution, constitutional principles, cyberlaw, white-collar crime, contracts, sales, product and service liability, the law of property, agency law, labor-management relations, environmental law, securities trading and issuance, antitrust laws, and debtor-creditor relations. An excellent desk reference for the legal departments of any business, this book also provides an interesting read for anyone interested in business and ethics.

Essentials of Business Law and the Legal Environment Richard A. Mann 2015-01-01 Packed with reader-friendly illustrations, **ESSENTIALS OF BUSINESS LAW AND THE LEGAL ENVIRONMENT, 12e** uses a nontechnical presentation to help your students understand the dynamics of today's legal environment for business. Covering a broad variety of key subjects and emphasizing ethical decision making, the text presents all business law topics required for success on the CPA exam. Cases are carefully summarized and integrated in order to present both recent legal issues and landmark court decisions while minimizing legal jargon. Students learn to effectively apply legal reasoning to cases and legal issues using the Issue, Rule, Application and Conclusion (IRAC) method. In addition to new *Going Global* features that highlight the international aspects of legal issues, the 12th Edition also includes more than 30 recent cases, updated coverage of limited liability companies and suretyship, amendments to UCC Articles, SEC rules on social media, recent U.S. Supreme Court decisions, and much more. **Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.**

Jurisdiction in International Law Cedric Ryngaert 2015 This fully updated second edition of *Jurisdiction in International Law* examines the international law of jurisdiction, focusing on the areas of law where jurisdiction is most contentious: criminal, antitrust, securities, discovery, and international humanitarian and human rights law. Since F.A. Mann's work in the 1980s, no analytical overview has been attempted of this crucial topic in international law: prescribing the admissible geographical reach of a State's laws. This new edition includes new material on personal jurisdiction in the U.S., extraterritorial applications of human rights treaties, discussions on cyberspace, the Morrison case. *Jurisdiction in International Law* has been updated covering developments in sanction and tax laws, and includes further exploration on transnational tort litigation and universal civil jurisdiction. The need for such an overview has grown more pressing in recent years as the traditional framework of the law of jurisdiction, grounded in the principles of sovereignty and territoriality, has been undermined by piecemeal developments. Antitrust jurisdiction is heading in new directions, influenced by law and economics approaches; new EC rules are reshaping jurisdiction in securities law; the U.S. is arguably overreaching in the field of corporate governance law; and the universality principle has gained ground in European criminal law and U.S. tort law. Such developments have given rise to conflicts over competency that struggle to be resolved within traditional jurisdiction theory. This study proposes an innovative approach that departs from the classical solutions and advocates a general principle of international subsidiary jurisdiction. Under the new proposed rule, States would be entitled, and at times even obliged, to exercise subsidiary jurisdiction over internationally relevant situations in the interest of the international community if the State having primary jurisdiction fails to assume its responsibility.

Getting and Staying Productive Roger W. Schmenner 2012-03-08 Demonstrates how to apply swift, even flow to practice in order to improve productivity and improve how companies run.

Security and Loss Prevention Philip Purpura 2018-08-10 *Security and Loss Prevention: An Introduction, Seventh Edition*, provides introductory and advanced information on the security profession. Security expert, Phil Purpura, CPP, includes updates on security research, methods, strategies, technologies, laws, issues, statistics and career options, providing a comprehensive and interdisciplinary book that draws on many fields of study for concepts, strategies of protection and research. The book explains the real-world challenges facing security professionals and offers options for planning solutions. Linking physical security with IT security, the book covers internal and external threats to people and assets and private and public sector responses and issues. As in previous editions, the book maintains an interactive style that includes examples, illustrations, sidebar questions, boxed topics, international perspectives and web exercises. In addition, course instructors can download ancillaries, including an instructor's manual with outlines of chapters, discussion topics/special projects, essay

questions, and a test bank and PowerPoint presentation for each chapter. Covers topics including Enterprise Security Risk Management, resilience, the insider threat, active assailants, terrorism, spies, the Internet of things, the convergence of physical security with IT security, marijuana legalization, and climate change. Emphasizes critical thinking as a tool for security and loss prevention professionals who must think smarter as they confront a world filled with many threats such as violence, cyber vulnerabilities, and security itself as a soft target. Utilizes end-of-chapter problems that relate content to real security situations and issues. Serves both students and professionals interested in security and loss prevention for a wide variety of operations—industrial, critical infrastructure sectors, retail, healthcare, schools, non-profits, homeland security agencies, criminal justice agencies, and more.

Business Law and the Legal Environment, Standard Edition Jeffrey F. Beatty 2012-01-02 BUSINESS LAW AND THE LEGAL ENVIRONMENT, 6E uses vivid examples and memorable scenarios to lead students through the full breadth of business law. Focusing on hands-on application and using a conversational writing style, this handy textbook equips students for business challenges from the first page. Foundations of Public Law Martin Loughlin 2012-09-27 Foundations of Public Law offers an account of the formation of the discipline of public law with a view to identifying its essential character, explaining its particular modes of operation, and specifying its unique task. Building on the framework first outlined in *The Idea of Public Law* (OUP, 2003), the book conceives public law broadly as a type of law that comes into existence as a consequence of the secularization, rationalization and positivization of the medieval idea of fundamental law. Formed as a result of the changes that give birth to the modern state, public law establishes the authority and legitimacy of modern governmental ordering. Public law today is a universal phenomenon, but its origins are European. Part I of the book examines the conditions of its formation, showing how much the concept borrowed from the refined debates of medieval jurists. Part II then examines the nature of public law. Drawing on a line of juristic inquiry that developed from the late sixteenth to the early nineteenth centuries—extending from Bodin, Althusius, Lipsius, Grotius, Hobbes, Spinoza, Locke and Pufendorf to the later works of Montesquieu, Rousseau, Kant, Fichte, Smith and Hegel—it presents an account of public law as a special type of political reason. The remaining three Parts unpack the core elements of this concept: state, constitution, and government. By taking this broad approach to the subject, Professor Loughlin shows how, rather than being viewed as a limitation on power, law is better conceived as a means by which public power is generated. And by explaining the way that these core elements of state, constitution, and government were shaped respectively by the technological, bourgeois, and disciplinary revolutions of the sixteenth century through to the nineteenth century, he reveals a concept of public law of considerable ambiguity, complexity and resilience.

Business Law and the Regulation of Business Richard A. Mann 2016-01-01 Recognized for accurate, relevant, and straightforward coverage, BUSINESS LAW AND THE REGULATION OF BUSINESS, 12E illustrates how legal concepts apply to common business situations. The book's comprehensive, yet succinct, approach provides a depth of coverage ideal for business success and CPA exam preparation without technical jargon. The text includes both landmark and recent cases with the facts and decision summarized for clarity, while the opinion is carefully edited to preserve the language of the court. More than 220 figures, tables, diagrams, concept reviews, and chapter summaries clarify concepts. All key legal terms are clearly defined and explained. In addition, each chapter is carefully organized with numerous illustrative hypothetical and case examples that relate content to real-life experiences. Numerous critical-thinking features further strengthen readers' analytical skills. Diplomatic Law in a New Millennium Paul Behrens 2017-08-04 The granting of diplomatic asylum to Julian Assange, the dangers faced by diplomats in hotspots around the world, WikiLeaks and the publication of thousands of embassy cable - situations like these place diplomatic agents and diplomatic law at the very centre of contemporary debate on current affairs. *Diplomatic Law in a New Millennium* brings together 20 experts to provide insight into some of the most controversial and

important matters which characterise modern diplomatic law. They include diplomatic asylum, the treatment (and rights) of domestic staff of diplomatic agents, the inviolability of correspondence, of the diplomatic bag and of the diplomatic mission, the immunity to be given to members of the diplomatic family, diplomatic duties (including the duty of non-interference), but also the rise of diplomatic actors which are not sent by States (including members of the EU diplomatic service). This book explores these matters in a critical, yet accessible manner, and is therefore an invaluable resource for practitioners, scholars and students with an interest in diplomatic relations. The authors of the book include some of the leading authorities on diplomatic law (including a delegate to the 1961 conference which codified modern diplomatic law) as well as serving and former members of the diplomatic corps.

Business Law/legal Studies Irvin N. Gleim 1990

Introduction to Business Law Jeffrey F. Beatty 2005-03 This latest addition to the Beatty/Samuelson series of texts is explicitly written from the ground up to address the specific needs of a 1-term business law course. Uniform CPA Examination Questions and Unofficial Answers American Institute of Certified Public Accountants 1983

The Art Of Seduction Robert Greene 2010-09-03 Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies Of War.

Business Law, Objective Questions and Explanations Irvin N. Gleim 1982

Smith and Roberson's Business Law Richard A. Mann 1992

Business Law I Essentials MIRANDE. DE ASSIS VALBRUNE (RENEE. CARDELL, SUZANNE.) 2019-09-27 A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

Business Law and the Legal Environment Jethro K. Lieberman 1993-04

Judging at the Interface Esmé Shirlow 2021-02-28 This book investigates how international adjudicators defer to State decision-making authority, and what that reveals about the domestic-international interface.

Smith and Roberson's Business Law Richard A. Mann 2011-04-01 The most complete and credible business law text available, the Fifteenth Edition of SMITH AND ROBERSON'S BUSINESS LAW, International Edition by Richard A. Mann and Barry S. Roberts continues a long tradition of accuracy, thoroughness, and consistent coverage of the latest issues and emerging trends. This updated classic delivers a comprehensive, detailed presentation of business law topics that reflect AACSB guidelines. Chapter cases - located at the end of the book - offer an excellent mix of landmark and current decisions which are edited to preserve

much of the language of the court. The placement of these gives you complete flexibility, allowing you to skip selected cases easily or opt for a true black-letter-law case analysis approach. Proven, comprehensive, and completely up-to-date, this trusted text will challenge and engage your students—and ensure they leave your class with a solid understanding of modern business law.

Ideology, Psychology, and Law Jon Hanson 2012-01-11 Formally, the law purports to be based solely in reasoned analysis, devoid of ideological bias or unconscious influences. Judges claim to act as umpires applying the rules, not making them. As most legal scholars understand, however, the impression that the legal system projects is largely an illusion. Over the last decade or so, political scientists and legal academics have begun studying the linkages between ideologies, on one hand, and legal principles and policy outcomes on the other. This book is the first to bring many of the world's experts on those topics together to examine the sometimes unsettling interactions between psychology, ideology, and law.
