Walford's Guide to Reference Material Marilyn Mullan 1989 **** The British counterpart to Sheehy (in which it is recommended--and vice versa), distributed in the US by Unipub. Volume 3 completes the 5th edition with 8,833 entries (vol. 1: Science and technology, 1989, 5,995 entries; vol. 2: Social and historical sciences, philosophy and religion, 1990, 7,166 entries). While the majority of items are reference books, Walford is a guide to reference material and therefore includes periodical articles, microforms, online, and CD-ROM sources. A special effort has been made to make sure the output of small and specialist presses is not neglected. Annotation copyrighted by Book News, Inc., Portland, OR

Walford's Guide to Reference Material: Generalia, language and literature, the arts Albert John Walford 1996 From its first edition the purpose of Walford has been to identify and evaluate the widest possible range of reference materials. No rigid definition of reference is applied. In addition to the expected bibliographies, indexes, dictionaries, encyclopaedias, and directories, a number of important textbooks and manuals of general practice are included. While the majority of the items are books, Walford is a guide to reference material. Thus periodical articles, microforms, online and CD-ROM sources are all represented. In this volume a particular effort has been made to improve coverage of the latter two categories.

Dictionaries, Encyclopedias, and Other Word-related Books, 1966-1974 Annie M. Brewer 1975

Thus Burst Hippocrene Laurence Wong 2019-01-17 Thus Burst Hippocrene: Studies in the Olympian Imagination is a collection of nine papers in comparative literature. Discussing the greatest Olympians in world literature, including Homer, Aeschylus, Sophocles, Euripides, Dante, Shakespeare, Milton, Li Bo, Du Fu, and the Bible authors, it is both daring in conception and wide-ranging in scope. Freely drawing on the author's knowledge of Classical Greek, Latin, Italian, French, German, Spanish, English, and Chinese as well as on his conversance with the literatures of these languages, the papers are truly comparative, making discoveries unique to the author's characteristic multi-lingual, multi-cultural approach. In going through the book, the reader will be pleasantly surprised by its originality, by its amazing depth and breadth, and by the new light it sheds on topics that are of interest to scholars and students of comparative literature. Written in lucid language with no pretentious jargon, it will also appeal to the general reader who picks up a book simply for the joy of reading or for horizon-broadening without tears.

Collins Italian Dictionary Collins Dictionaries 2018-11 Includes the latest vocabulary from a wide range of fields, with special features about life and culture in Italy. The Diary of Anne Rodway (Fantasy and Horror Classics) Wilkie Collins 2013-04-16 Wilkie Collins was an extremely popular author of the Victorian era. Aside from his thirty novels, Collins penned a great amount of short stories across a number of genres. First published in 1856, 'The Diary of Anne Rodway' is one of his best-remembered tales Many of the Gothic romance and horror stories, particularly those dating

back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The clear layout allows for fast and easy access when you most need it. Ideal for use on the go, at home, in the office, classroom or on vacation.

Dreaming across Languages and Cultures Laurence Wong 2014-10-02 *Dreaming across Languages and Cultures: A Study of the Literary Translations of the Hong lou meng (also called The Dream of the Red Chamber, Red Chamber Dream, or The Story of the Stone)* is a groundbreaking monograph in translation studies. Integrating theory with practice, it examines, analyses, compares, and evaluates 14 versions of the greatest Chinese novel in five major European languages, namely, English, French, German, Italian, and Spanish. In this study, translation, linguistic, literary, and semiotic theories, as well as the author's own experience of translating Dante and Shakespeare, are drawn on. Though primarily aimed at scholars specializing in translation and in Hong lou meng studies, the book also introduces students of Chinese literature, comparative literature, and cultural studies to new interdisciplinary perspectives. By illustrating salient points with lively and interesting examples, too, it enables the non-specialist to see the fascinating intricacies of language and translation, as well as the complex relationship between translation and culture. In view of its new approach to a new topic, of its many impressive insights, and, above all, of the amazing depth and breadth of its investigation, *Dreaming across Languages and Cultures* is truly monumental.

The Fallen Leaves Wilkie Collins 1880

Collins Sansoni Italian Dictionary Centro lessicografico Sansoni 1975

Unreasonable Doubt Elizabeth Ferrars 2013-09-14 Professor Alistair Dirke thought himself a reasonable man - he could scarcely acknowledge the suspicion that was beginning to grow in his mind every time he saw his wife Rose with Paul Eckleston . . . Paul seemed to be there very often these days. Yet soon a more terrible suspicion was to grow and spread through the little community of Rollway, where the Dirkes had lived in peace with their neighbours. A valuable collection of coins goes missing and then a man is murdered.

The dictionary and the language learner Anthony P. Cowie 2015-11-13 *Lexicographica. Series Maior* features monographs and edited volumes on the topics of lexicography and meta-lexicography. Works from the broader domain of lexicology are also included, provided they strengthen the theoretical, methodological and empirical basis of lexicography and meta-lexicography. The almost 150 books published in the series since its founding in 1984 clearly reflect the main themes and developments of the field. The publications focus on aspects of lexicography such as micro- and macrostructure, typology, history of the discipline, and application-oriented lexicographical documentation.

novels of nineteenth-century men and women, from the author of the bestselling 'The Victorian House'.
Practice book Michael Swan 1990

The Travels and Adventures of Serendipity Robert K. Merton 2011-11-28 From the names of cruise lines and bookstores to an Australian ranch and a nudist camp outside of Atlanta, the word serendipity--that happy blend of wisdom and luck by which something is discovered not quite by accident--is today ubiquitous. This book traces the word's eventful history from its 1754 coinage into the twentieth century--chronicling along the way much of what we now call the natural and social sciences. The book charts where the term went, with whom it resided, and how it fared. We cross oceans and academic specialties and meet those people, both famous and now obscure, who have used and abused serendipity. We encounter a linguistic sage, walk down the illustrious halls of the Harvard Medical School, attend the (serendipitous) birth of penicillin, and meet someone who "manages serendipity" for the U.S. Navy. The story of serendipity is fascinating; that of The Travels and Adventures of Serendipity, equally so. Written in the 1950s by already-eminant sociologist Robert Merton and Elinor Barber, the book--though occasionally and most tantalizingly cited--was intentionally never published. This is all the more curious because it so remarkably anticipated subsequent battles over research and funding--many of which centered on the role of serendipity in science. Finally, shortly after his ninety-first birthday, following Barber's death and preceding his own by but a little, Merton agreed to expand and publish this major work. Beautifully written, the book is permeated by the prodigious intellectual curiosity and generosity that characterized Merton's influential *On the Shoulders of Giants*. Absolutely entertaining as the history of a word, the book is also tremendously important to all who value the miracle of intellectual discovery. It represents Merton's lifelong protest against that rhetoric of science that defines discovery as anything other than a messy blend of inspiration, perspiration, error, and happy chance--anything other than serendipity.

RILA 2003
