Basho and the Dao Peipei Qiu 2005-07-31 Although haiku is well known throughout the world, few

outside Japan are familiar with its precursor, haikai (comic linked verse). Fewer still are aware of the role played by the Chinese Daoist classics in turning haikai into a respected literary art form. *Bashō and the Dao* examines the haikai poets' adaptation of Daoist classics, particularly the Zhuangzi, in the seventeenth century and the eventual transformation of haikai from frivolous verse to high poetry. The author analyzes haikai's encounter with the Zhuangzi through its intertextual relations with the works of Bashō and other major haikai poets, and also the nature and characteristics of haikai that sustained the Zhuangzi's relevance to haikai poetic construction. She demonstrates how the haikai poets' interest in this Daoist work was rooted in the intersection of deconstructing and reconstructing the classical Japanese poetic tradition. Well versed in both Chinese and Japanese scholarship, Qiu explores the significance of Daoist ideas in Bashō's and others' conceptions of haikai. Her method involves an extensive hermeneutic reading of haikai texts, an in-depth analysis of the connection between Chinese and Japanese poetic terminology, and a comparison of Daoist traits in both traditions. The result is a penetrating study of key ideas that have been instrumental in defining and rediscovering the poetic essence of haikai verse. *Bashō and the Dao* adds to an increasingly vibrant area of academic inquiry—the complex literary and cultural relations between Japan and China in the early modern era. Researchers and students of East Asian literature, philosophy, and cultural criticism will find this book a valuable contribution to cross-cultural literary studies and comparative aesthetics.

Understanding Post-Tonal Music Miguel A. Roig-Francolí 2021-02-25 *Understanding Post-Tonal Music* is a student-centered textbook that explores the compositional and musical processes of twentieth-century post-tonal music. Intended for undergraduate or general graduate courses on the theory and analysis of twentieth-century music, this book will increase the accessibility of post-tonal music by providing students with tools for understanding pitch organization, rhythm and meter, form, texture, and aesthetics. By presenting the music first and then deriving the theory, *Understanding Post-Tonal Music* leads students to greater understanding and appreciation of this challenging and important repertoire. The updated second edition includes new "Explorations" features that guide students to engage with pieces through listening and a process of exploration, discovery, and discussion; a new chapter covering electronic, computer, and spectral musics; and additional coverage of music from the twenty-first century and recent trends. The text has been revised throughout to enhance clarity, both by streamlining the prose and by providing a visual format more accessible to the student.

Undressing Cinema Stella Bruzzi 2012-10-12 From Audrey Hepburn in Givenchy, to sharp-suited gangsters in Tarantino movies, clothing is central to film. In *Undressing Cinema*, Stella Bruzzi explores how far from being mere accessories, clothes are key elements in the construction of cinematic identities, and she proposes new and dynamic links between cinema, fashion and costume history, gender, queer theory and psychoanalysis. Bruzzi uses case studies drawn from contemporary popular cinema to reassess established ideas about costume and fashion in cinema, and to challenge conventional interpretations of how masculinity and femininity are constructed through clothing. Her wide-ranging study encompasses: * haute couture in film and the rise of the movie fashion designer,

from Givenchy to Gaultier * the eroticism of period costume in films such as *The Piano* and *The Age of Innocence* * clothing the modern femme fatale in *Single White Female*, *Disclosure* and *The Last Seduction* * generic male chic in *Goodfellas*, *Reservoir Dogs*, and *Leon* * pride, costume and masculinity in 'Blaxploitation' films, *Boyz n' The Hood* and *New Jack City* * drag and gender confusion in cinema, from the unerotic cross-dressing of *Mrs Doubtfire* to the eroticised ambiguity of *Orlando*.

Ulysses and Us Declan Kiberd 2010-06-03 In *Ulysses and Us*, Declan Kiberd argues that James Joyce's *Ulysses* offers a humane vision of a more tolerant and decent life under the dreadful pressures of the modern world. As much a guide to contemporary life as it is virtuoso work of literary criticism, *Ulysses and Us* offers revolutionary insights to the scholar and the first-time reader alike. Leopold Bloom, the half-Jewish Irishman who is the hero of James Joyce's *Ulysses*, teaches the young Stephen Dedalus (modelled on Joyce himself) how he can grow and mature as an artist and an adult human being. Bloom has learned to live with contradictions, with anxiety and sexual jealousy, and with the rudeness and racism of the people he encounters in the city streets, and in his apparently banal way sees deeper than any of them. He embodies an intensely ordinary kind of wisdom, Kiberd argues, and in this way offers us a model for living well, in the tradition of the literature upon which Joyce drew in writing *Ulysses*, such as Homer, Dante and the Bible. 'Declan Kiberd's brilliantly informed and highly entertaining advocacy liberates Joyce's greatest book from the dungeon of unreadable masterpieces.'

Unified Design of Steel Structures Louis F. Geschwindner 2011-12-20 Geschwindner's 2nd edition of Unified Design of Steel Structures provides an understanding that structural analysis and design are two integrated processes as well as the necessary skills and knowledge in investigating, designing, and detailing steel structures utilizing the latest design methods according to the AISC Code. The goal is to prepare readers to work in design offices as designers and in the field as inspectors. This new edition is compatible with the 2011 AISC code as well as marginal references to the AISC manual for design examples and illustrations, which was seen as a real advantage by the survey respondents.

Furthermore, new sections have been added on: Direct Analysis, Torsional and flexural-torsional buckling of columns, Filled HSS columns, and Composite column interaction. More real-world examples are included in addition to new use of three-dimensional illustrations in the book and in the image gallery; an increased number of homework problems; and media approach Solutions Manual, Image Gallery.
