Contemporary Spiritualities Stefania Palmisano 2020-11-01 Contemporary alternative spirituality, as studied by sociologists, is usually seen as a recent phenomenon dating from the 1960s and 1970s. However, when viewed from a longer-term perspective this form of religious expression is actually seen to reintroduce concepts that recur throughout Western cultural history. This book argues, therefore, that spirituality in the 21st Century actually shares many of the same characteristics as Classical, Mediaeval, Renaissance and Modern spiritualities. It is neither entirely new, nor is it clearly alternative to more established religions. The book is divided into two parts. The first sets out the context in which contemporary alternative spirituality has formed, charting its development as an academic term and a social phenomenon. The second part looks at how these two elements have developed in countries that are historically Catholic, focussing on specific examples in contemporary Italy: spiritualities based on the sacralisation of nature; those concerned with health and wellbeing; and those which are fascinated by mystery. Catholic majority countries are particularly interesting in this instance, as the Catholic Church has a unique cultural hegemony with which to compare alternative spiritual practices. It concludes that spirituality, if framed in a longer historical perspective, is a way of acting and seeing the world which was built, and continues to be built upon complex relations with various contradictory sources of authority, such as religion, magic thinking, secularism, rationalism, various spheres of lay culture. This is a bold take on the spirituality milieu and as such will be of great interest to scholars of Religious Studies working on the sociology of religion, contemporary spirituality and the rise of the "spiritual but not religious".

Bible and Cinema Adele Reinhartz 2022-03-31 Bible and Cinema: An Introduction is a comprehensive examination of how the Bible has been used and represented in mainstream cinema to develop its plots, characters, and themes. The book considers two general types of films: Bible movies that retell biblical stories, such as the Exodus and the life of Jesus, and Bible-related movies that make use of biblical books, stories, verses, and figures, and Bibles themselves to

tell non-biblical, often fictional, narratives. Topics covered include: the contribution of Bible and Bible-related movies to the history of the Bible's reception; the ways in which filmmakers make use of scripture to address and reflect their own time and place; the Bible as a vehicle through which films can address social and political issues, reflect human experiences and emotions, explore existential issues such as evil and death, and express themes such as destruction and redemption; the role of the Bible as a source of ethics and morality, and how this role is both perpetuated and undermined in a range of contemporary Hollywood films; and film as a medium for experiences of transcendence, and the role of the Bible in creating such experiences. This thoroughly updated second edition includes insightful analysis of films such as *Noah*, *Gods and Men*, *Mary Magdalene*, and *The Shawshank Redemption*, paying attention to visual and aural elements as well as plot, character, and dialogue. The book also includes pedagogical resources including discussions of film theory, as well as key words and discussion questions. Teachers, students, and anyone interested in the intersection of Bible and cinema will find this an invaluable guide to a growing field.

The Oxford Handbook of the Bible and American Popular Culture Dan W. Clanton, Jr. 2020-11-24 The study of the reciprocal relationship between the Bible and popular culture has blossomed in the past few decades, and the time seems ripe for a broadly-conceived work that assesses the current state of the field, offers examples of work in that field, and suggests future directions for further study. This Handbook includes a wide range of topics organized under several broad themes, including biblical characters (such as Adam, Eve, David and Jesus) and themes (like Creation, Hell, and Apocalyptic) in popular culture; the Bible in popular cultural genres (for example, film, comics, and Jazz); and "lived" examples (such as museums and theme parks). The Handbook concludes with a section taking stock of methodologies and the impact of the field on teaching and publishing. *The Oxford Handbook of the Bible and American Popular Culture* represents a major contribution to the field by some of its leading practitioners, and will be a key resource for the future development of the study of both the Bible and its role in American popular culture.

The Dardenne Brothers' Cinematic Parables Joel Mayward 2022-09-30 *The Dardenne Brothers' Cinematic Parables* examines the work of Belgian filmmakers Jean-Pierre and Luc Dardenne, who have been celebrated for their powerfully affecting social realist films. Though the Dardenne brothers' films rarely mention religion or God, they have received wide recognition for their moral complexity and spiritual resonance. This book brings the Dardennes' filmography into consideration with theological aesthetics, Christian ethics, phenomenological film theory, and continental philosophy. The author explores the brothers' nine major films—beginning with *The Promise* (1996) and culminating in *Young Ahmed* (2019)—through the hermeneutics of philosopher Paul Ricoeur. By using Ricoeur's description of "parable" as a "narrative-metaphor" which generates an existential limit-experience, Joel Mayward crafts an innovative Ricoeurian hermeneutic for making theological interpretations of cinema. Drawing upon resources from three disciplinary spheres—theology, philosophy, and film studies—in a dynamic interweaving approach, Mayward proposes that the Dardennes create postsecular cinematic parables which evoke theological and ethical responses in audiences' imaginations through the brothers' distinctive filmmaking style, what is termed "transcendent realism." The book ultimately demonstrates how the Dardenne brothers are truly doing, not merely depicting, theology and ethics through the cinematic form—it presents film as theology, what Mayward refers to as "theocinematics." This is valuable reading for scholars of theology, philosophy, and film studies, as well as film critics and cinephiles interested in the cinema of the Dardenne brothers.

Martin Scorsese's Divine Comedy Catherine O'Brien 2018-05-17 Catherine O'Brien draws on the structure of Dante Alighieri's *Divine Comedy* to explore Martin Scorsese's feature films from *Who's That Knocking at My Door* (1967-69) to *Silence* (2016). This is the first full-length study to focus on the trajectory of faith and doubt during this period, taking very seriously the oft-quoted words of the director himself: 'My whole life has been movies and religion. That's it. Nothing else.' Films discussed include *GoodFellas*, *The Last Temptation of Christ*, *Taxi Driver* and *Mean Streets*, as well as the more recent *The Wolf of Wall Street*. In Dante's poem in 100 cantos, the Pilgrim is guided by the poet Virgil down through the circles of Hell in *Inferno*; he then climbs the steep Mountain of the Seven Deadly Sins in *Purgatory*; and he finally encounters God in *Paradise*. Embracing this popular analogy, this study envisions Scorsese as a contemporary Dante, with his filmic oeuvre offering the dimensions of a cinematic *Divine Comedy*. Drawing on debates at the heart of religious studies, theology, literature and film, this book goes beyond existing explorations of religion in Scorsese's work to address issues of sin and salvation within the context of wider debates in eschatology and the afterlife.

Bollywood Horrors Ellen Goldberg 2020-11-12 *Bollywood Horrors* is a wide-ranging collection that examines the religious aspects of horror imagery, representations of real-life horror in the movies, and the ways in which Hindi films have projected cinematic fears onto the screen. Part one, "Material Cultures and Prehistories of Horror in South Asia" looks at horror movie posters and song booklets and the surprising role of religion in the importation of Gothic tropes into Indian films, told through the little-known story of Sir Devendra Prasad Varma. Part two, "Cinematic Horror, Iconography and Aesthetics" examines the stereotype of the tantric magician found in Indian literature beginning in the medieval period, cinematic representations of the myth of the fearsome goddess Durga's slaying of the Buffalo Demon, and the influence of epic mythology and Hollywood thrillers on the 2002 film *Raaz*. Film, Philosophy and Religion Hollywood is a \$40 billion annual business, one that is highly influential in culture. If we want to know who we are as individuals and a society, what we believe and what we value, we need to know and understand Hollywood and film. Make no mistake, Hollywood is neither philosophically, politically, nor morally neutral! Many studies demonstrate how movies "affect" us long before we have thought it through. In other words, Hollywood "smuggles" all kinds of ideas into our minds and hearts without us even knowing it. While Hollywood may be the biggest and most influential in the world, this book will demonstrate the growing international influence of film from India (*Bollywood*), Nigeria (*Nollywood*), Zimbabwe (*Zollywood*) and Yesilçam (Turkey). 'Film, Philosophy and Religion' explicitly and implicitly takes a philosophical approach to analyzing film theoretically and methodologically. There are topic and film-specific chapters that take a theological approach, and others that explore ideas like Affect, Axiology, Art Reflecting the Artist and Transcendence (Spirituality) of Film. Hermeneutics also have a central role in the book, including films based on biblical texts that act as interpretations of these texts and fill in the blanks (albeit speculatively by way of script and directors). Chapters also explore the philosophy of aesthetics and film realism which end with theology, while other chapters explore the incompatibility of science with religion, as well as a chapter on the timely topic of rape in Turkish film. The book's scope goes from the "Horror of Evil in Ridley Scott's *Alien Universe*" to "Love Can Thaw a Frozen Heart: The Philosophy of Love in the Frozen Films" (Disney Princess Narratives). This book represents international films and scholars. The diverse perspectives from theist to atheist-and everything in-between-are sure to spark thinking and generate talking points that provide something for everyone in an accessible format. It will be of great interest to university students and professors, scholars, seminaries, and the general public.

Dreams, Doubt, and Dread Zachary Thomas Settle 2016-08-24 Films are modern spiritual phenomena. They function as such in at least three profound ways: world projection, thought experiments, and catharsis (i.e., as dreams, doubt, and dread). Understanding film in this way allows for a theological account of the experience that speaks to the religious possibilities of film that far extend the portrayal of religious themes or content. *Dreams, Doubt, and Dread: The Spiritual in Film* aims to address films as spiritual experiences. This collection of short essays and dialogues examines films phenomenologically--through the experience of the viewer as an agent having been acted upon in the functioning of the film itself. Authors were invited to take one of the main themes and creatively consider how film, in their experiences, has provided opportunities for new modes of thinking. Contributors will then engaged one another in a dialogue about the similarities and differences in their descriptions of film as spiritual phenomena. The intended aim of this text is to shift contemporary theological film engagement away from a simple mode of analysis in which theological concepts are simply read into the film itself and begin to let films speak for themselves as profoundly spiritual experiences.

T&T Clark Companion to the Bible and Film Richard Walsh 2018-06-28 The first decades of the twenty-first century saw a resurgence of the biblical epic film, such as *Noah* and *Exodus: Gods and Kings*, which was in turn accompanied by a growth of biblical film criticism. This companion surveys that field of study by framing it in light of significant and recent biblical films as well as the voices of key biblical film critics. Non-Hollywood and seemingly "non-biblical" films also come under investigation. The contributors concentrate on three points: "context", focusing on the 'Bible in' specific film genres and cultural situations; "theory", applying theory from both religion and film studies, with an eye to their possible intersections; and "recent and significant texts", reflecting on which texts and themes have been most important in 'biblical film' and which are currently at the fore. Exploring cinema across the globe, and accompanied by extended introductory essays for each of the three sections, this companion is an important resource for scholars in both film and biblical reception.

Salvation from Cinema Crystal Downing 2015-10-23 *Salvation from Cinema* offers something new to the burgeoning field of "religion and film": the religious significance of film technique. This book will be useful to professors and students interested in the relationship between religion and film.

The Oxford Handbook of New Religious Movements Inga B. Tollefsen 2016-04-25 The study of New Religious Movements (NRMs) is one of the fastest-growing areas of religious studies, and since the release of the first edition of *The Oxford Handbook of New Religious Movements* in 2003, the field has continued to expand and break new ground. In this all-new volume, James R. Lewis and Inga B. Tollefsen bring together established and rising scholars to address an expanded range of topics, covering traditional religious studies topics such as "scripture," "charisma," and "ritual," while also applying new theoretical approaches to NRM topics. Other chapters cover understudied topics in the field, such as the developmental patterns of NRMs and subcultural considerations in the study of NRMs. The first part of this book examines NRMs from a social-scientific perspective, particularly that of sociology. In the second section, the primary factors that have put the study of NRMs on the map, controversy and conflict, are considered. The third section investigates common themes within the field of NRMs, while the fourth examines the approaches that religious studies researchers have taken to NRMs. As NRM Studies has grown, subfields such as Esotericism, New Age Studies, and neo-Pagan Studies have grown as distinct and individual areas of study, and the final section of the book investigates these emergent fields.

Silver Screen Buddha Sharon A. Suh 2015-01-29 How do contemporary films depict Buddhists and Buddhism? What aspects of the Buddhist tradition are these films keeping from our view? By repeatedly romanticizing the meditating monk, what

kinds of Buddhisms and Buddhists are missing in these films and why? *Silver Screen Buddha* is the first book to explore the intersecting representations of Buddhism, race, and gender in contemporary films. Sharon A. Suh examines the cinematic encounter with Buddhism that has flourished in Asia and in the West in the past century - from images of Shangri-La in Frank Capra's 1937 *Lost Horizon* to Kim Ki-Duk's 2003 international box office success *Spring, Summer, Fall, Winter...and Spring*. The book helps readers see that representations of Buddhism in Asia and in the West are fraught with political, gendered, and racist undertones. *Silver Screen Buddha* draws significant attention to ordinary lay Buddhism, a form of the tradition given little play in popular film. By uncovering the differences between a fictionalized, commodified, and exoticized Buddhism, *Silver Screen Buddha* brings to light expressions of the tradition that highlight laity and women, on the one hand, and Asian and Asian Americans, on the other. Suh engages in a re-visioning of Buddhism that expands the popular understanding of the tradition, moving from the dominance of meditating monks to the everyday world of raced, gendered, and embodied lay Buddhists.

Film, Lacan and the Subject of Religion Steve Nolan 2009-09-23 In their study of religion and film, religious film analysts have tended to privilege religion. Uniquely, this study treats the two disciplines as genuine equals, by regarding both liturgy and film as representational media. Steve Nolan argues that, in each case, subjects identify with a represented 'other' which joins them into a narrative where they become participants in an ideological 'reality'. Finding many current approaches to religious film analysis lacking, *Film, Lacan and the Subject of Religion* explores the film theory other writers ignore, particularly that mix of psychoanalysis, Marxism and semiotics - often termed Screen theory - that attempts to understand how cinematic representation shapes spectator identity. Using translations and commentary on Lacan not originally available to Screen theorists, Nolan returns to Lacan's contribution to psychoanalytic film theory and offers a sustained application to religious practice, examining several 'priest films' and real-life case study to expose the way liturgical representation shapes religious identity. *Film, Lacan and the Subject of Religion* proposes an interpretive strategy by which religious film analysts can develop the kind of analysis that engages with and critiques both cultural and religious practice.

I Will Repay Dennis Oh 2018-02-15 How can Christianity continue to rejoice over a redemption that came at the cost of the violent suffering and death of Jesus Christ? In the wake of increasing revulsion toward oppression and abuse--both historic and contemporary--traditionally Protestant and evangelical theology is in the precarious position of defending one of its cardinal doctrines amidst a host of compelling critiques and alternatives. In *I Will Repay*, Dennis Oh explores how soteriology rooted in Scripture and resonant with tradition can also be conversant with the cinematic experience offered by popular films. It proposes a narrative reenvisioning of the mechanism of atonement that both supports and extends traditional theological categories and vocabularies while retaining the cross-centered conviction of an evangelical gospel.

These essays, written by an international set of her best readers and commentators, provides a comprehensive coverage of her life and the contexts in which her works were written. Special sections take up chapters on each of her key writings, the reception of her work, and key ways she interpreted those who influenced her. If one has come to Arendt from one of her essays on freedom, or from yet another bombastic account of her writings on Adolph Eichmann, or as a student or professor working in the field of Arendt studies, this book provides the ideal tool for thinking with and rediscovering one of the most important intellectuals of the past century. But just as importantly, contributors advance the study of Arendt into neglected areas, such as on science and ecology, to demonstrate her importance not just to debates in which she was well known, but those touched off only after her death. Arendt's approaches as well as her concrete claims about the political have much to offer given the current ecological and refugee crises, among others. In sum, then, the *Companion* provides a tool for thinking with Arendt, but also for showing just where those thinking with her can take her work today.

Religion in Contemporary European Cinema Costica Bradatan 2014-02-18 The religious landscape in Europe is changing dramatically. While the authority of institutional religion has weakened, a growing number of people now desire individualized religious and spiritual experiences, finding the self-complacency of secularism unfulfilling. The "crisis of religion" is itself a form of religious life. A sense of complex, subterranean interaction between religious, heterodox, secular and atheistic experiences has thus emerged, which makes the phenomenon all the more fascinating to study, and this is what *Religion in Contemporary European Cinema* does. The book explores the mutual influences, structural analogies, shared dilemmas, as well as the historical roots of such a "post-secular constellation" as seen through the lens of European cinema. Bringing together scholars from film theory and political science, ethics and philosophy of religion, philosophy of film and theology, this volume casts new light on the relationship between the religious and secular experience after the death of God.

The Oxford Handbook of Feminist Approaches to the Hebrew Bible Susanne Scholz 2020-12 "The Oxford Handbook of Feminist Approaches to the Hebrew Bible brings together 37 essential essays written by leading international scholars, examining crucial points of analysis within the field of feminist Hebrew Bible studies. Organized into four major areas - globalization, neoliberalism, media, and intersectionality, the essays collectively provide vibrant, relevant, and innovative contributions to the field. The topics of analysis focus heavily on gender and queer identity, with essays touching on African, Korean, and European feminist hermeneutics, womanist and interreligious readings, ecofeminist and animal biblical studies, migration biblical studies, the role of gender binary voices in evangelical-egalitarian approaches, or the examination of scripture in light of trans women's voices. The volume includes essays examining the Old Testament as recited in music, literature, film, and video games. In short, the book offers a vision for feminist biblical scholarship beyond the hegemonic status quo prevalent in the field of biblical studies, in many religious organizations and institutions that claim the Bible as a sacred text, and among the public that often mentions the Bible to establish religious, political, and socio-cultural restrictions for gendered practices. The exegetically and hermeneutically diverse essays demonstrate that feminist biblical scholarship forges ahead with the task of engaging manifold issues and practices that keep the gender caste system in place even in the early part of the twenty-first century. The essays of this volume thus offer conceptual and exegetical ways forward at a historic moment of global transformation and emerging possibilities"--

Film and the Afterlife David Rankin 2019-07-15 This book explores how post-death existence is represented in popular film, looking at issues such as continuity, personal identity, and the nature of existence beyond the grave. Film often returns to the theme of dying, death and the afterlife, both directly and indirectly, because there are very few subjects as compelling and universal. The book compares the representation of death, dying and the afterlife in films to scholarly surveys of attitudes towards life-after-death through the analysis of twenty films made between the end of World War II and now. It looks at the portrayals of stages between death and a final destination; spatio-temporal and personal continuity; the nature of afterlife existence in terms of embodiment, or not; and the contact between the worlds of the living and the dead. This book offers a wide-ranging view on a compelling subject in film. As such, it will be of great interest to scholars of Religion and Film, Religion and Media, the Philosophy of Religion, and the Sociology of Religion, as well as Religion, Media and Film Studies more generally .
