*House of Lost Souls* F. G. Cottam 2008-05-01 The Fischer House was the scene of a vicious crime in the 1920s - a crime which still resonates as the century turns. *The Madonnas of Leningrad* Debra Dean 2009-10-13 "An extraordinary debut, a deeply lovely novel that evokes

with uncommon deftness the terrible, heartbreaking beauty that is life in wartime. Like the glorious ghosts of the paintings in the Hermitage that lie at the heart of the story, Dean's exquisite prose shimmers with a haunting glow, illuminating us to the notion that art itself is perhaps our most necessary nourishment. A superbly graceful novel." — Chang-Rae Lee, *New York Times* Bestselling author of *Aloft* and *Native Speaker* Bit by bit, the ravages of age are eroding Marina's grip on the everyday. An elderly Russian woman now living in America, she cannot hold on to fresh memories—the details of her grown children's lives, the approaching wedding of her grandchild—yet her distant past is miraculously preserved in her mind's eye. Vivid images of her youth in war-torn Leningrad arise unbidden, carrying her back to the terrible fall of 1941, when she was a tour guide at the Hermitage Museum and the German army's approach signaled the beginning of what would be a long, torturous siege on the city. As the people braved starvation, bitter cold, and a relentless German onslaught, Marina joined other staff members in removing the museum's priceless masterpieces for safekeeping, leaving the frames hanging empty on the walls to symbolize the artworks' eventual return. As the Luftwaffe's bombs pounded the proud, stricken city, Marina built a personal Hermitage in her mind—a refuge that would stay buried deep within her, until she needed it once more. . . .

*The Sinking of the Titanic and Great Sea Disasters* Logan Marshall 2012-08-07 This is one of the first and most famous books published after the sinking of the Titanic, and contains much material from contemporary newspaper accounts. It was written by Logan Howard-Smith (under the pen name of Logan Marshall), an editor who specialized in the rapid publication of books about current events. For this book, his crowning achievement, the initial print run was for no fewer than 110,000 copies. The publisher achieved this by running 11 presses simultaneously, and the books were then sold door-to-door across America for a dollar apiece. Although Marshall's own description of the sinking is melodramatic and sensationalistic, the many verbatim interviews with survivors of the disaster have stood the test of time, and are often cited in Titanic literature.

*The Lazarus Prophecy* F. G. Cottam 2015-03-26 There is a killer loose on the streets of London, one that evades security cameras, is not held by locks, and savagely mutilates his victims. When the murderer switches from unknown prostitutes to Julie Longmuir, a beautiful actress at the height of her success, no woman feels safe. As the press begin to draw uncomfortable comparisons with Jack the Ripper, Jane Sullivan, heading up the police investigation, grudgingly has to agree. But the religious writing, scrawled on the wall in Julie Longmuir's blood, is outside Jane's area of expertise. Roping in Jacob Prior, a disillusioned theologian, they attempt to pick apart the demonic delusions of this Ripper copycat. They must act quickly, as events are spiralling out of control, and Jane is next on the killer's list. Jane will be tested beyond the limits of standard police work, as the esoteric insinuates itself into the investigation. For events are linked to the clandestine Priory in the Pyrenees, the home of a secret Christian sect that pre-dates the Knights Templar. Jane and Jacob are faced with a deeper mystery than they had ever dreamed of; are they simply dealing with a psychopath, or is this something bigger, is this *The End of Days*?

Britain, this is a stunningly high-concept historical novel that is both as daring as it is gripping, and perfect for fans of Conn Iggulden, SJ Parris and Kate Mosse. December 1348. With the country in the grip of the Black Death, brothers John and William fear that they will shortly die and go to Hell. It is not just that technology is changing: things they have taken for granted all their lives prove to be short-lived. As they find themselves in stranger and stranger times, the reader travels with them, seeing the world through their eyes as it shifts through disease, progress, enlightenment and war. The Werewolf of Paris Guy Endore 2021-11-15 Endore's classic werewolf novel - now back in paperback for the first time in over forty years - helped define a genre and set a new standard in horror fiction The werewolf is one of the great iconic figures of horror in folklore, legend, film, and literature. And connoisseurs of horror fiction know that *The Werewolf of Paris* is a cornerstone work, a masterpiece of the genre that deservedly ranks with Mary Shelley's *Frankenstein*, Bram Stoker's *Dracula*, and Robert Louis Stevenson's *The Strange Case of Dr. Jekyll and Mr. Hyde*. Endore's classic novel has not only withstood the test of time since it was first published in 1933, but it boldly used and portrayed elements of sexual compulsion in ways that had never been seen before, at least not in horror literature. In this gripping work of historical fiction, Endore's werewolf, an outcast named Bertrand Caillet, travels across pre-Revolutionary France seeking to calm the beast within. Stunning in its sexual frankness and eerie, fog-enshrouded visions, this novel was decidedly influential for the generations of horror and science fiction authors who came afterward.

Supervising Offenders in the Community Maurice Vanstone 2017-09-29 In this work Maurice Vanstone provides an authoritative and original account of the history of probation. This invaluable reference tool offers readers a new way of reading probation history and presents an original context for thinking about current policy and practice. While the study is essentially UK-focused, it also provides a comparative perspective by exploring the

history of probation in the USA. The author's research has produced the only history of probation practice that does justice to the mixture of influences on the early probation service and paves the way for today's more evidence-based approach. The work is based in part upon original documents and interviews with retired and serving officers. *Supervising Offenders in the Community* will greatly interest criminologists and criminal justice, social policy, social history and social work academics and postgraduate students.

*The Lost Constellations* John C. Barentine 2015-10-23 Casual stargazers are familiar with many classical figures and asterisms composed of bright stars (e.g., Orion and the Plough), but this book reveals not just the constellations of today but those of yesteryear. The history of the human identification of constellations among the stars is explored through the stories of some influential celestial cartographers whose works determined whether new inventions survived. The history of how the modern set of 88 constellations was defined by the professional astronomy community is recounted, explaining how the constellations described in the book became permanently "extinct." Dr. Barentine addresses why some figures were tried and discarded, and also directs observers to how those figures can still be picked out on a clear night if one knows where to look. These lost constellations are described in great detail using historical references, enabling observers to rediscover them on their own surveys of the sky. Treatment of the obsolete constellations as extant features of the night sky adds a new dimension to stargazing that merges history with the accessibility and immediacy of the night sky.
