**Ultimate Paranormal Guide** Edward W. Krietemeyer 2013-12 Today the entire world is at our fingertips, not too long ago libraries, and the knowledge inside books were our only source. Now we can carry the entire library, and more in a tablet lighter, and smaller than a single book. We have the tendency to rely entirely on our computers as our only source of knowledge; we take for granted that there will be electrical power as needed, and spoiled by the ease and availability of Wi-Fi or Wi-MAX wherever we go connecting our devices to the world. While doing research in the field, we are sometimes at locations where power is at a premium, or does not exist at all; then you have questionable or unreliable cellphone service without reliable power those devices are useless, and inevitably start to shut down. In these situations its time to break out the pencil and paper. This book contains paranormal terminology from different fields, historical facts, people and events for research and educational purposes. ISR created this book as a handy quick pocket reference guide when doing research in the field. If you needed one book to take with you that would come in handy in the middle of nowhere, this would be that book.

**The Only Study Guide You'll Ever Need** Jade Bowler 2021-08-05 We've all been there: a new school year starts and there's 8 months till your exams - that's plenty of time, right? Then there's 6 months, 3 months, 1 month and oh, now there's 2 weeks left and you haven't started studying... What happens next is a panic-induced mayhem of highlighting everything in the textbook (without even questioning if it's actually helpful). But I'm here to help you change this! In *The Only Study Guide You'll Ever Need*, I'll cover a range of different topics including: · How to get started and pick up that pen · Learning techniques that actually work (hello, science of memory!) · The dos and don'ts of timetabling · And combatting fear of failure, perfectionism, exam stress and so much more! As a fellow student now at university, I definitely don't have a PhD in Exam Etiquette but this is the book younger me needed. All I wanted was one place that had a variety of tried-and-tested methods with reassurance from someone who had recently been through the education system. *The Only Study Guide You'll Ever Need* is just that, and I have collected the best techniques and tools I wish I'd known earlier to help you get through your studies and smash your exams!
